

*"The BOX Seat was precisely the kind of standard we wanted for our transformation."*

Glen Delve, Managing Director of The Rose Bowl 2012

## THE ROSE BOWL

**THE BOX SEAT**<sup>®</sup>

The BOX Seat 901 and 903 models enhance spectators' experience at The Rose Bowl, home to the Hampshire County Cricket Club.

A combination of fixed and semi-permanent seating arrangements allows the capacity at the stadium to almost double to 25,000 for special events.

The redevelopment of the Rose Bowl in 2009 led to the England & Wales Cricket Board awarding The Rose Bowl Test status and a Test match between England and Sri Lanka in 2011. The Rose Bowl was voted 'Best International Ground' in an ECB Survey of fans around the country and voted 'Most Improved Ground' by readers of All Out Cricket magazine.
