

The BOX Seat 903 model was selected for the venue that hosted the Israeli Basketball Cup Final.

HAIFA ARENA

THEBOXSEAT®

The BOX Seat 903 was selected in a unique semi curved layout for the new remodeled Hafa Arena. Renovations were done during 2012 as \$17 Million including expansion of the original seating capacity adding a new East and West wing.

Haifa Arena brought new life to the city and the team, hosting the Israeli Basketball Cup Final whereby Haifa B.C. beat Israeli and European powerhouse Tel Aviv to win their first Championship in club history.
