

The BOX Seat was the perfect VIP option to improve the comfort level of the players during the game.

FULHAM FC

The home ground to Fulham FC has been steadily expanding its capacity and undergoing gradual refurbishment for the past decade, to bring the club in line with its Premier League status. The BOX Seat 928 was the choice model to adorn the pitch-side players' dugout. Luxuriously and entirely upholstered, with a bespoke finish

displaying the club's notorious logo, it was the perfect VIP option to improve the comfort level of the players during the game and align with the overall aesthetic of a ground much admired for its remarkable architecture.
