

“Northants cricket is delighted to recommend The BOX Seat. We would have no hesitation in recommending The BOX Seat to other sporting venues who are looking at seating solutions in both older and new purpose-built stadia”.

Northampton Chief Executive, David Smith

NORTHAMPTON CCC

With Northampton Cricket Club having played their first match here well over a century ago, The County Ground can surely count itself among the hallowed grounds of British sport.

A recent renovation of the venue has seen a brand new stand built, as

well as a complete overhaul of the existing pavilion. Both have been fitted with The BOX Seat and its trademark versatile rail system enabled the economical 901 and the higher grade 908 to be installed, serving General Admission and VIP spectators with one unified system.
